

Join our team!

Cameron McCarthy has (2) open positions. We are excited to bring on an entry-level landscape designer as well as a mid-level landscape designer or landscape architect!

Who we are:

Founded in 1952, Cameron McCarthy is a longstanding, comprehensive Landscape Architecture and Planning firm with offices in Eugene and Portland, Oregon. Our team is rooted in nearly seven decades of expertise designing functional and beautiful spaces for communities. We are experts at executing all phases of a project and provide full services within each phase and specialty.

Specializing in public sector projects, with a focus on the design of premium athletic facilities, urban plazas, public parks, campuses, trails, and recreation facilities, our 21-person team partners with you to support vision from concept to completion. With decades of experience designing and planning up and down the west coast, Cameron McCarthy has won awards from the American Sports Builders Association (ASBA), the American Society of Landscape Architects (ASLA), the American Council of Engineering Companies (ACEC), the American Institute of Architects (AIA), and the American Society of Architectural Illustrators (ASAI).

Who should apply:

Designers who are committed to an inclusive, progressive, and equitable design process. Applicants should demonstrate strong leadership, communication and graphic skills and appreciate working in a fast-paced, collaborative environment with similarly driven colleagues. Applicants should be dedicated to design excellence and possess a professional Landscape Architecture degree. Proficiency with AutoCAD, Civil3D, Adobe Creative Cloud, and rendering and visualization applications is desired.

At Cameron McCarthy we are knowledgeable, genuine, and welcoming.

Cameron McCarthy has an office culture that celebrates active lifestyles, communities, adventure, and the arts. As a team, we support each other and our communities in both professional and personal pursuits which ensures exceptional projects and long-lasting relationships. Cameron McCarthy is growing and offers special opportunities to get involved in high-profile, legacy projects throughout the Pacific Northwest.

Cameron McCarthy's core values 'Be Inclusive. Be Sustainable. Be Proud.' are a call to our commitment in building a better tomorrow through progressive and resilient design. We are aware of our responsibility to our society to lead by example. Our approach to planning and design is representative of how we are acknowledging our positions, actively learning the steps towards a more just society, and engaging in the actions necessary to holding ourselves accountable to racial injustices, climate change, and social inequities.

The jobs:

Mid-level designer or landscape architect

5+ years of design office experience

At Cameron McCarthy, a mid-level designer/landscape architect holds a high level of responsibility and is positioned to advance into a senior-level role. At the core, the job is to facilitate excellent design through a progressive, inclusive creative process. The role will be best filled by a blend of sophisticated project management skills, a proven practitioner, an increasing capacity in design talent, and top tier client services. Refined CAD expertise, knowledge of specifications and materials, and critical problem-solving skills are essential aptitudes and will serve the individual and the studio well. The person in the role will be a curious-minded individual who is equipped to facilitate team collaboration and production efforts. This person will be comfortable working in a fast-paced, high-energy, high-performing environment.

This is a full-time (40 hr / week) position with potential overtime demands.

Job duties and responsibilities

- Manage, direct, and run projects from kick-off to completion
- Coordinate consultants
- Develop and craft design solutions that meet the expectations of the client
- Provide client services and manage client expectations
- Manage and run project budgets
- Report to principal-in-charge
- Direct support staff
- Deliver construction documentation packages
- Develop cost estimates
- Perform and report on construction administration
- Adhere to best practices within the profession of landscape architecture
- Develop and maintain a working knowledge of local land use codes

Entry-level landscape designer

0-2 years of professional experience

At Cameron McCarthy, an entry-level landscape designer will be involved in all aspects of the project from concept design through construction documentation. Essential characteristics of the individual who would fit the environment and role best include high level of curiosity, eagerness to be involved and learn, and willingness to assist and pitch in on all fronts. The job duties and responsibilities will include a healthy amount of construction documentation production assistance and support to the project managers and principals. An entry-level designer who would best fit Cameron McCarthy is attentive to their colleagues, is a hard worker, ready to jump in and help, willing to share their perspective and help us grow.

This is a full-time (40 hr / week) position with potential for overtime demands.
